**Key dates for participants**

- Call for abstracts (max. 400 words): 28.02.2020
- Deadline for sending abstract: 15.04.2020
- Notification of abstract acceptance and a second announcement: 15.05.2020
- The deadline for full papers: 30.08.2020
- Notification of acceptance of full papers: 15.12.2020
- The deadline for full papers: 30.08.2020
- Notification of acceptance of full papers: 15.12.2020
- The deadline for full papers: 30.08.2020
- Notification of acceptance of full papers: 15.12.2020
- The deadline for full papers: 30.08.2020
- Notification of acceptance of full papers: 15.12.2020

**Conference registration fee**

*The registration fee does not cover accommodation, meals, drinks, and transport other than that provided as part of the conference program, for details see [www.icms2021.put.poznan.pl](http://www.icms2021.put.poznan.pl).

**Poznań**

Poznań is a city on the Warta River in west-central Poland, in the Greater Poland region. The Old Market Square and its surroundings are among the most popular tourist attractions of the city. The Renaissance town hall, old tenement houses, cafes, restaurants and the local people create the unique atmosphere of the place.

**Venue**

Poznań boasts a long-standing trade-fair tradition. The first Poznań Fair was held in 1921. The Poznań International Fair is one of the oldest institutions of this kind in Europe. The building known as “the Spire” is currently one of the symbols of both the trade fairs and the city.

For more information about the Poznan University of Technology please go to: [www.put.poznan.pl](http://www.put.poznan.pl).

E-mail address to organizers: mailer_icms2021@poczta.put.poznan.pl
Website of the conference: www.icms2021.put.poznan.pl
Address of the conference: ICMS’2021 Secretary office Poznan University of Technology Institute of Structural Engineering Piotrkowska 5 60-969 Poznań, Poland
Main Topics
Advanced analysis and direct methods of design
Safety and reliability assessment
Structural stability and integrity
Fabrication and execution
High strength and stainless steel
Plane and spatial bar structures
Plated and shell structures
Towers and masts
Tanks and silos
Chimneys and pipelines
Joints and connections
Cold-formed elements and structures
Composite steel-concrete structures
Composite metal-wood structures
Sandwich structures
Cable and membrane structures
Seismic-resistant structures
Bridges and footbridges
Tall buildings
Fire resistance
Aluminium structures
Robustness and resistance to progressive collapse
Structural health monitoring
Refurbishment and repair
Sustainability in metal buildings
Fatigue and durability
Steel in architecture
Light cladding, covering and facades
Innovative and adaptive structures
Design recommendations and codification
Engineering education
Conference language
The conference language is English.
Conference sessions
All papers accepted by the Conference Scientific Committee will be presented orally during simultaneous thematic sessions. Keynote lectures will be presented by eminent researchers:
Chiara Bedon, Jean-Francois Demonceau, Leroy Gardner, Aleksander Kozłowski, Katarzyna Rzeszut, Luis S. da Silva, Leopold Sokół.
Call for abstracts
Participants wishing to present a paper are invited to submit an abstract, written in English, which should fit one page and should not exceed 400 words.
The abstract should include the name, title and affiliation, email address and complete contact information for all authors.
Abstracts should be submitted not later than 15.04.2021.
Publication
Conference papers will be published in CRC Press/Balkema Publisher.
